

AR QUAD

You won't notice it
until it saves your life

ATV Roll Over Protection System

AR QUAD is the solution for ATV roll-over fatalities

The AR QUAD is an automatic rollover protection system for ATVs that expands when the rollover is irreversible, becoming the safest and the most ergonomic solution of the market.

Main advantages:

Active safety with acoustic and visual operator warnings

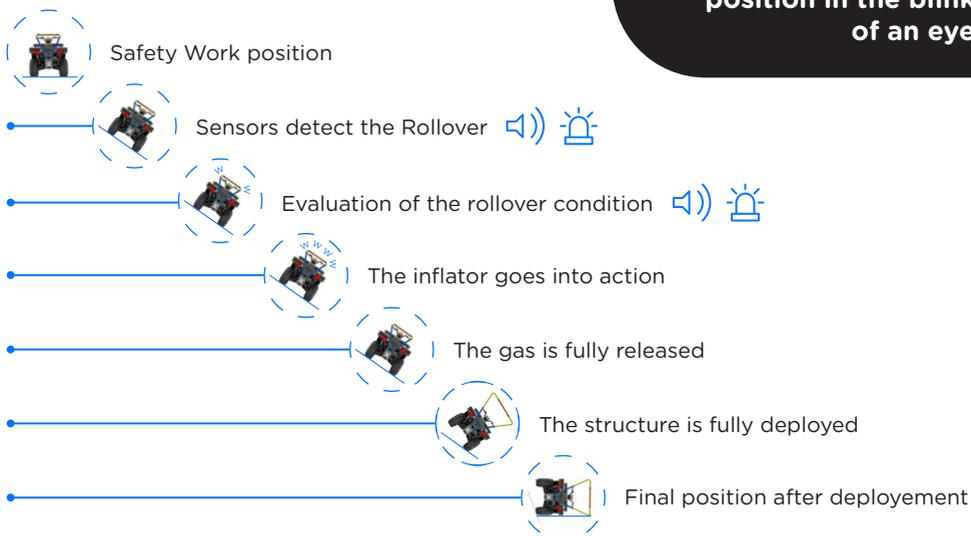

Increased passive safety with an enhanced safety area

Enhanced usability with the best low clearance usability in the market

- ✓ Universal fixture
- ✓ Zero Maintenance
- ✓ Protection against continuous roll
- ✓ Enhanced safety area
- ✓ Comfort experience
- ✓ Operator warning alerts
- ✓ Low center of gravity
- ✓ Clear vision
- ✓ Low clearance readiness

AR QUAD: the working principle

The fast deployment
achieves the safety
position in the blink
of an eye

Technical information

Weight
Aprox. 18 Kg

Dimensions retracted (WxHxL)
795 mm x 1031 mm x 110mm

Dimensions expanded (WxHxL)
1116 mm x 1491 mm x 110 mm

Operating voltage
12/24V systems

IP protection
IP69

Structure Expansion Time
Less than 250 ms

Patented system

System certification

Certified CE TUV

ISO 25119 – Functional safety
ISO 15003- Environmental, EMC, electric
ISO 3471 – mechanical resistance
ISO 9227 – Salt spray test
